HORUS THE FALCON

tea

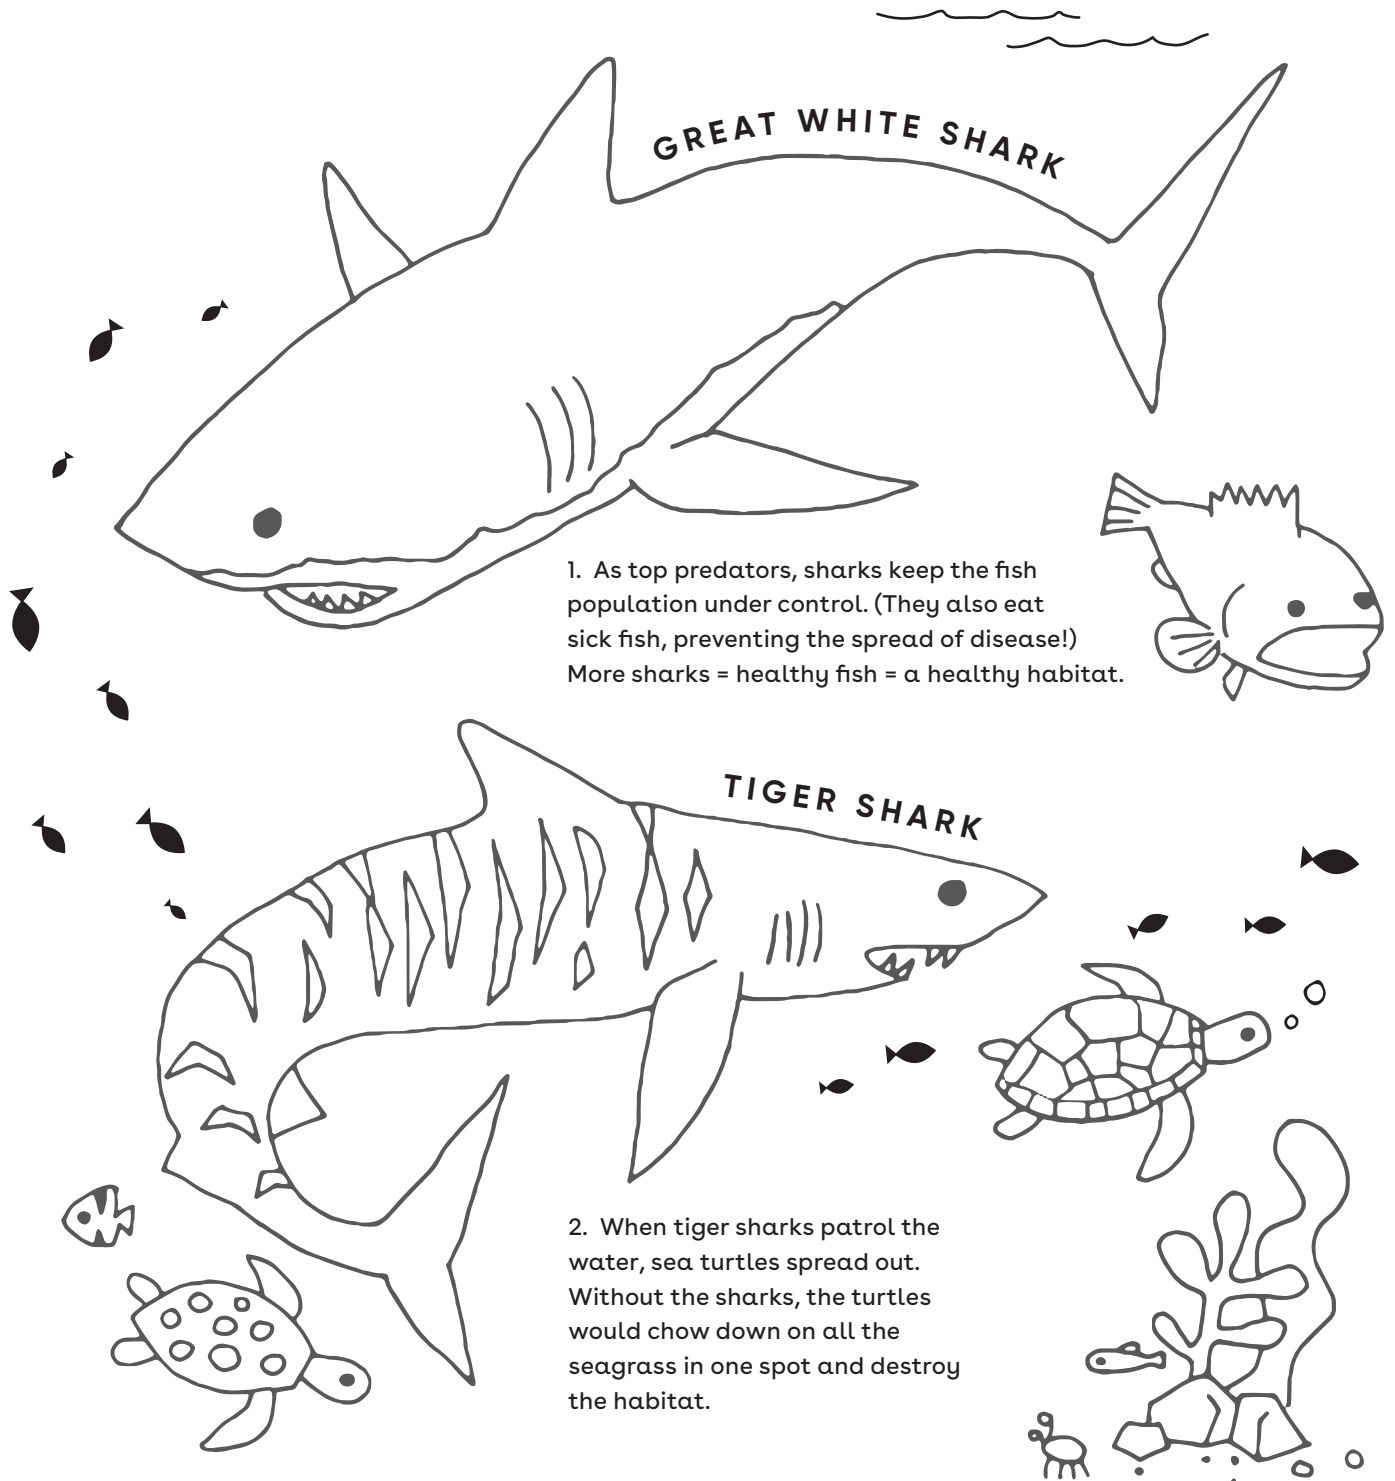

TEACOLLECTION.COM

On land, the lion is king of beasts.

But under the sea, sharks rule supreme!

Color this page and see why it's so important to save our sharks.

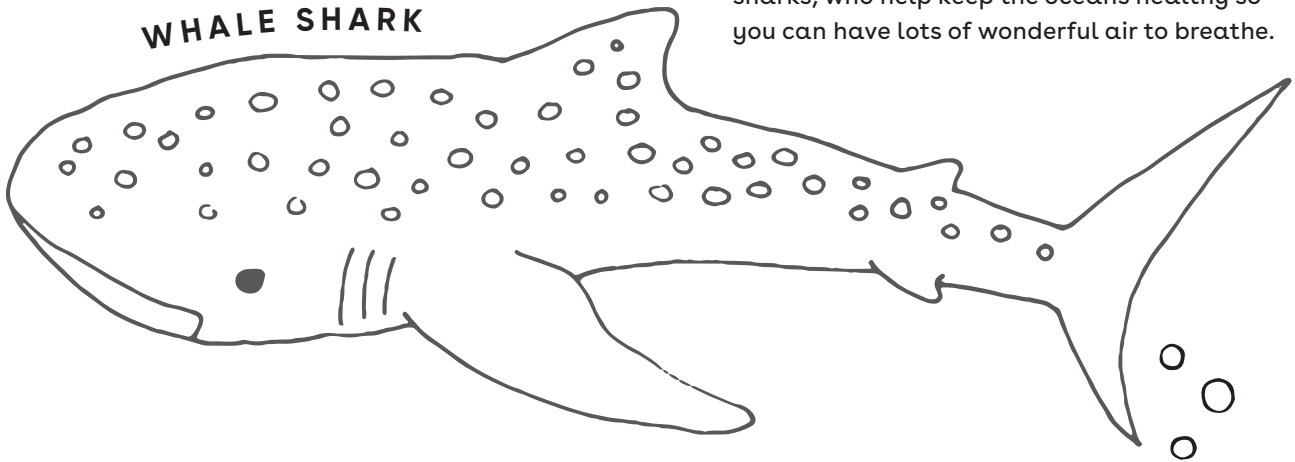

tea

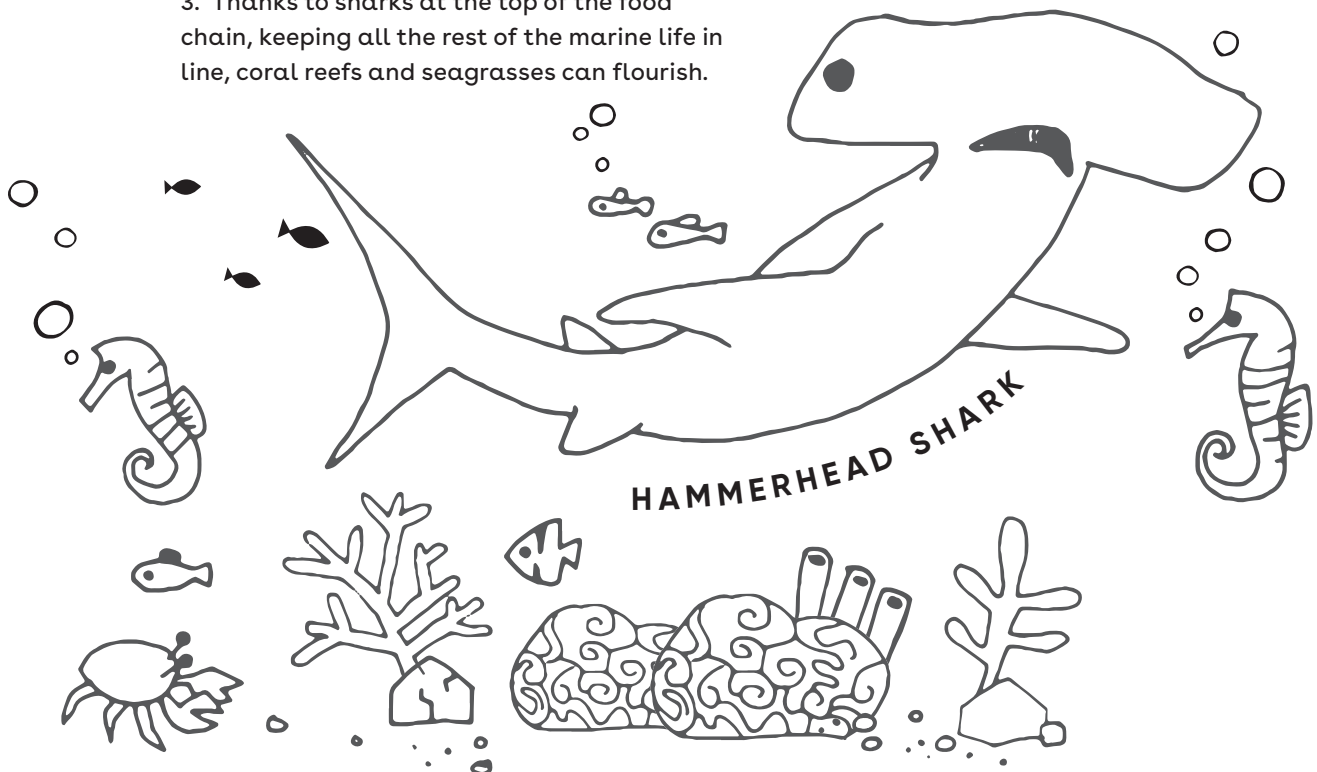

4. A healthy coral reef produces oxygen.
And who loves oxygen? You do! So hooray for
sharks, who help keep the oceans healthy so
you can have lots of wonderful air to breathe.

WHALE SHARK

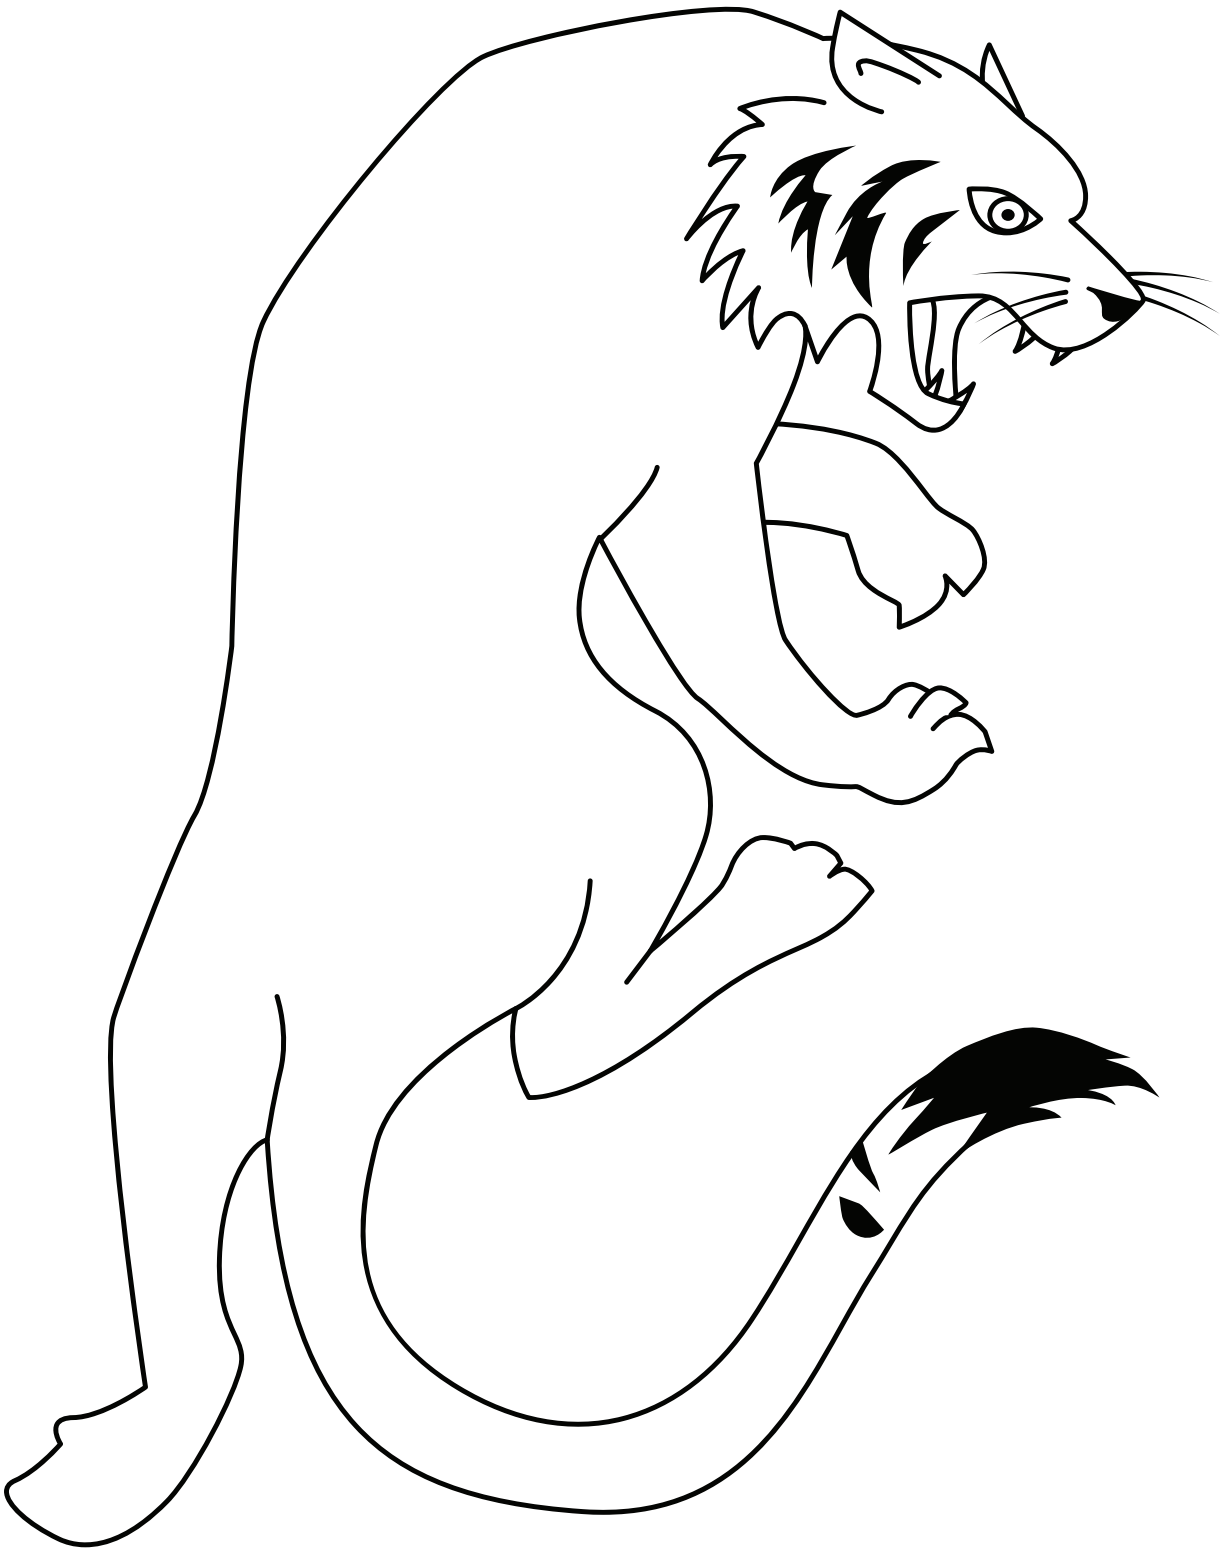

3. Thanks to sharks at the top of the food
chain, keeping all the rest of the marine life in
line, coral reefs and seagrasses can flourish.

HAMMERHEAD SHARK

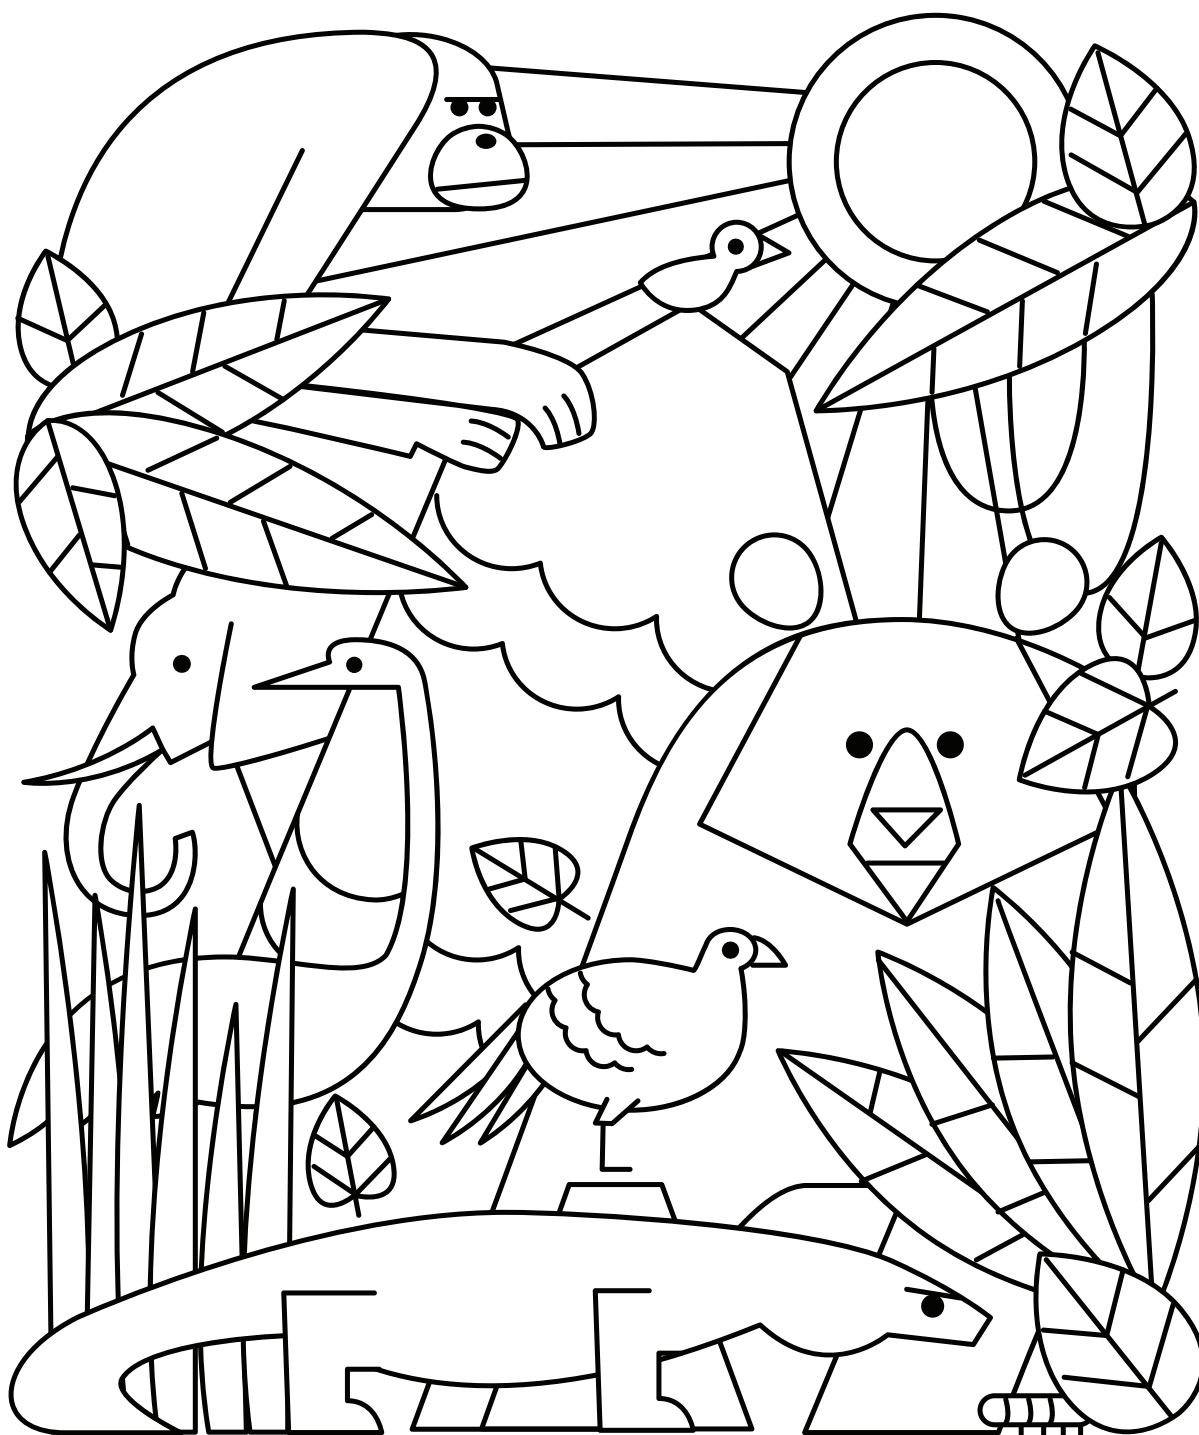

tea

Tigers are considered the greatest protectors in Southeast Asia. Imagine that you're a tiger and draw all the stripes you would want.

Tip: The more colors the better!

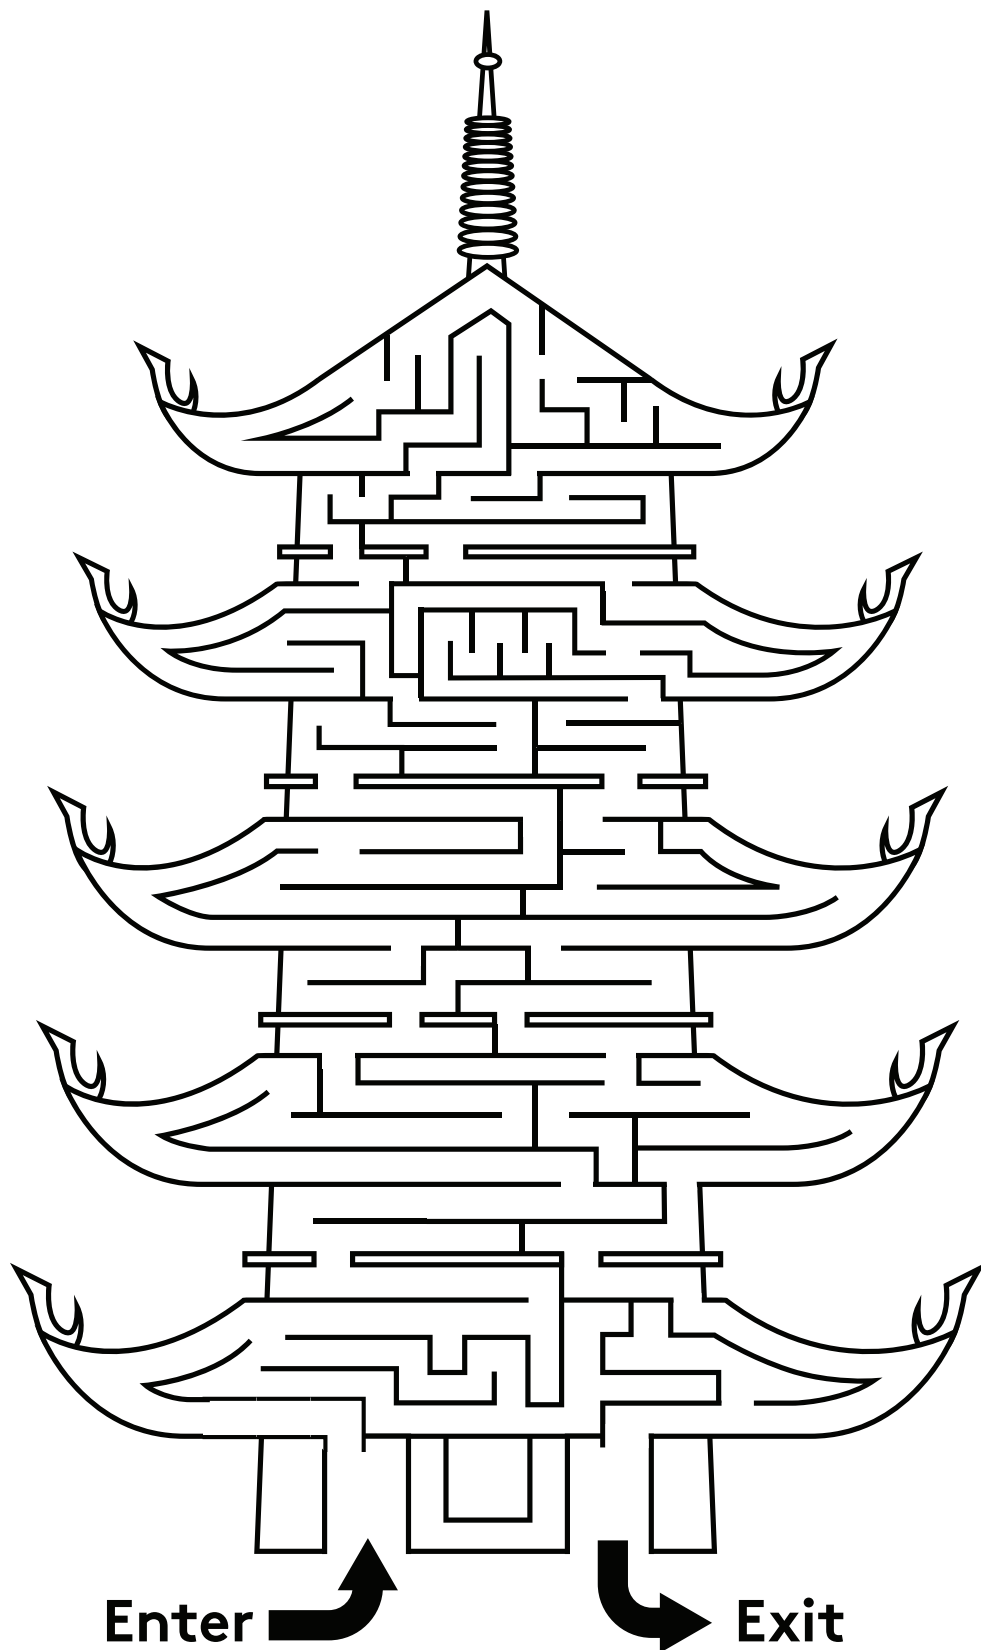

tea

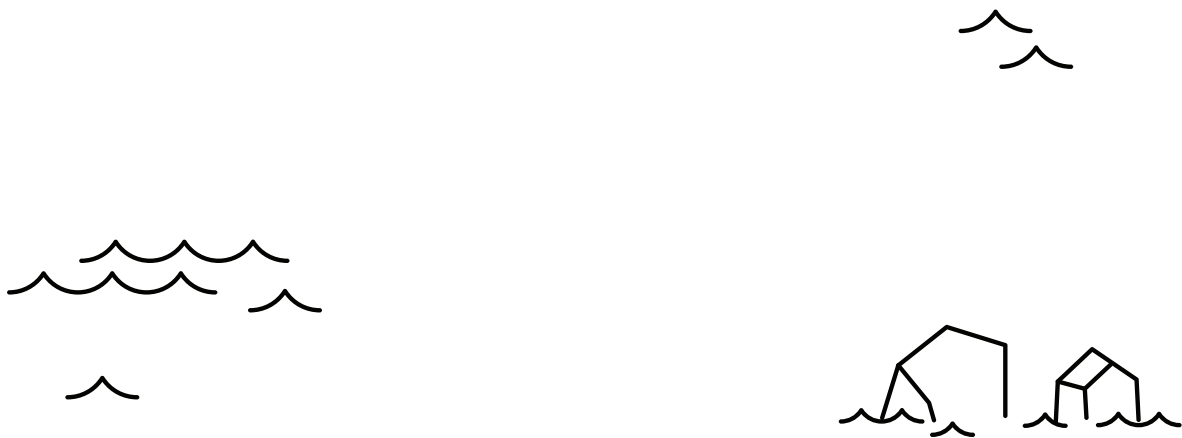

Many different types of land animals live harmoniously in the jungle. Color in all the jungle animals that you can find.

Hint: There are seven hidden animals!

tea

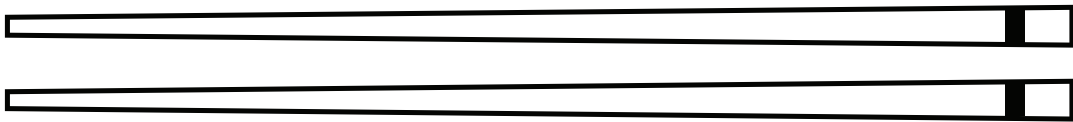

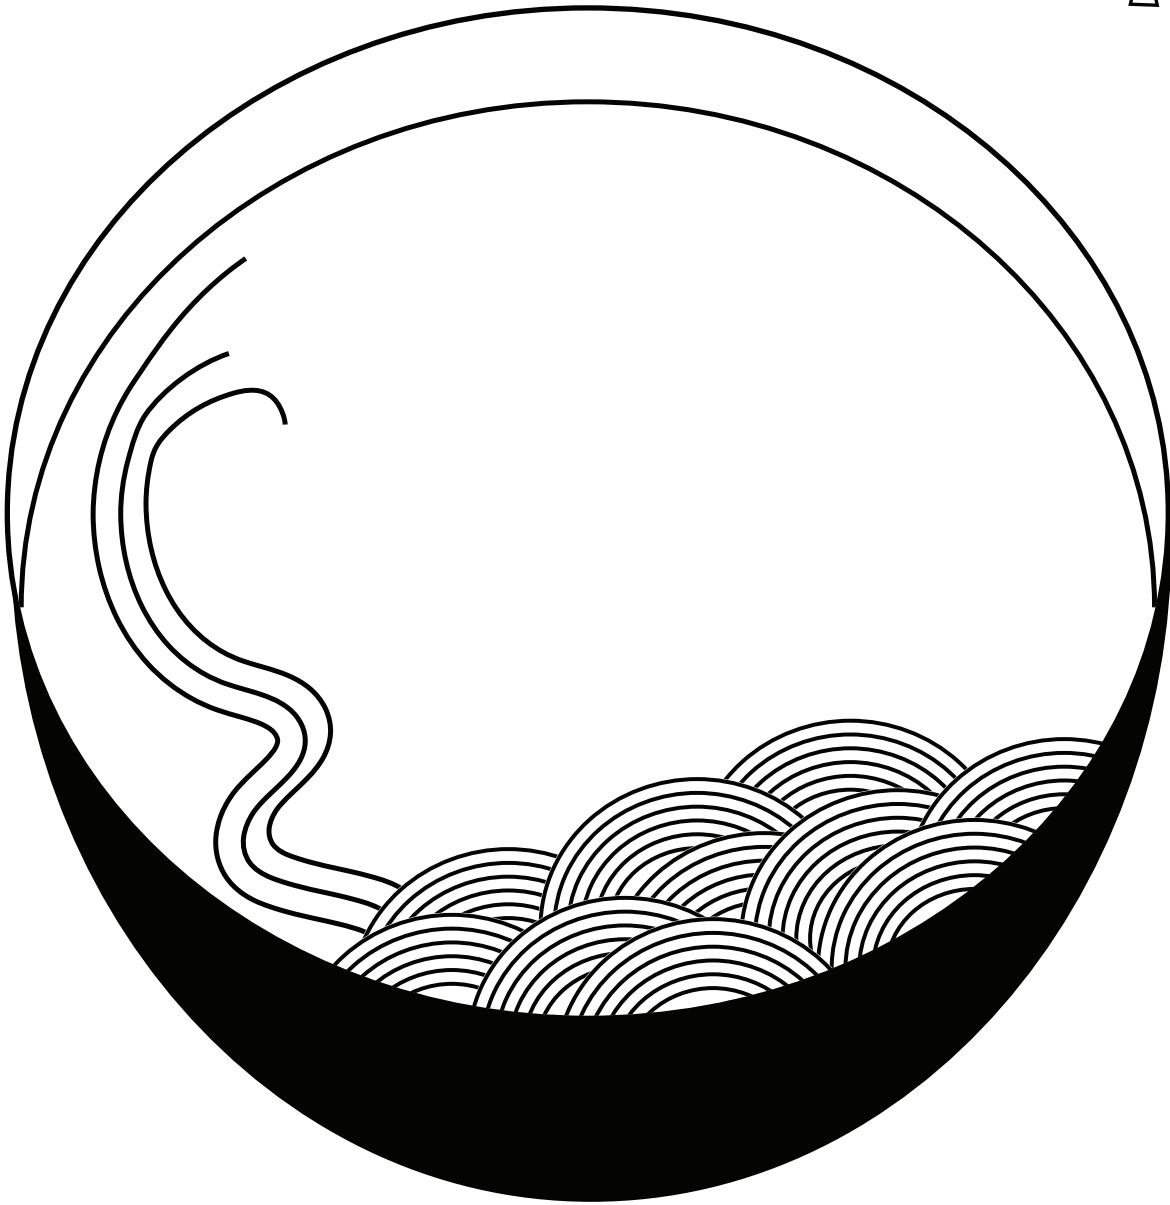

A Pagoda is a sacred building with many levels commonly seen in Vietnam. Trace your way around the ancient Pagoda Maze to find your way to the very top, and all the way back down to the bottom!

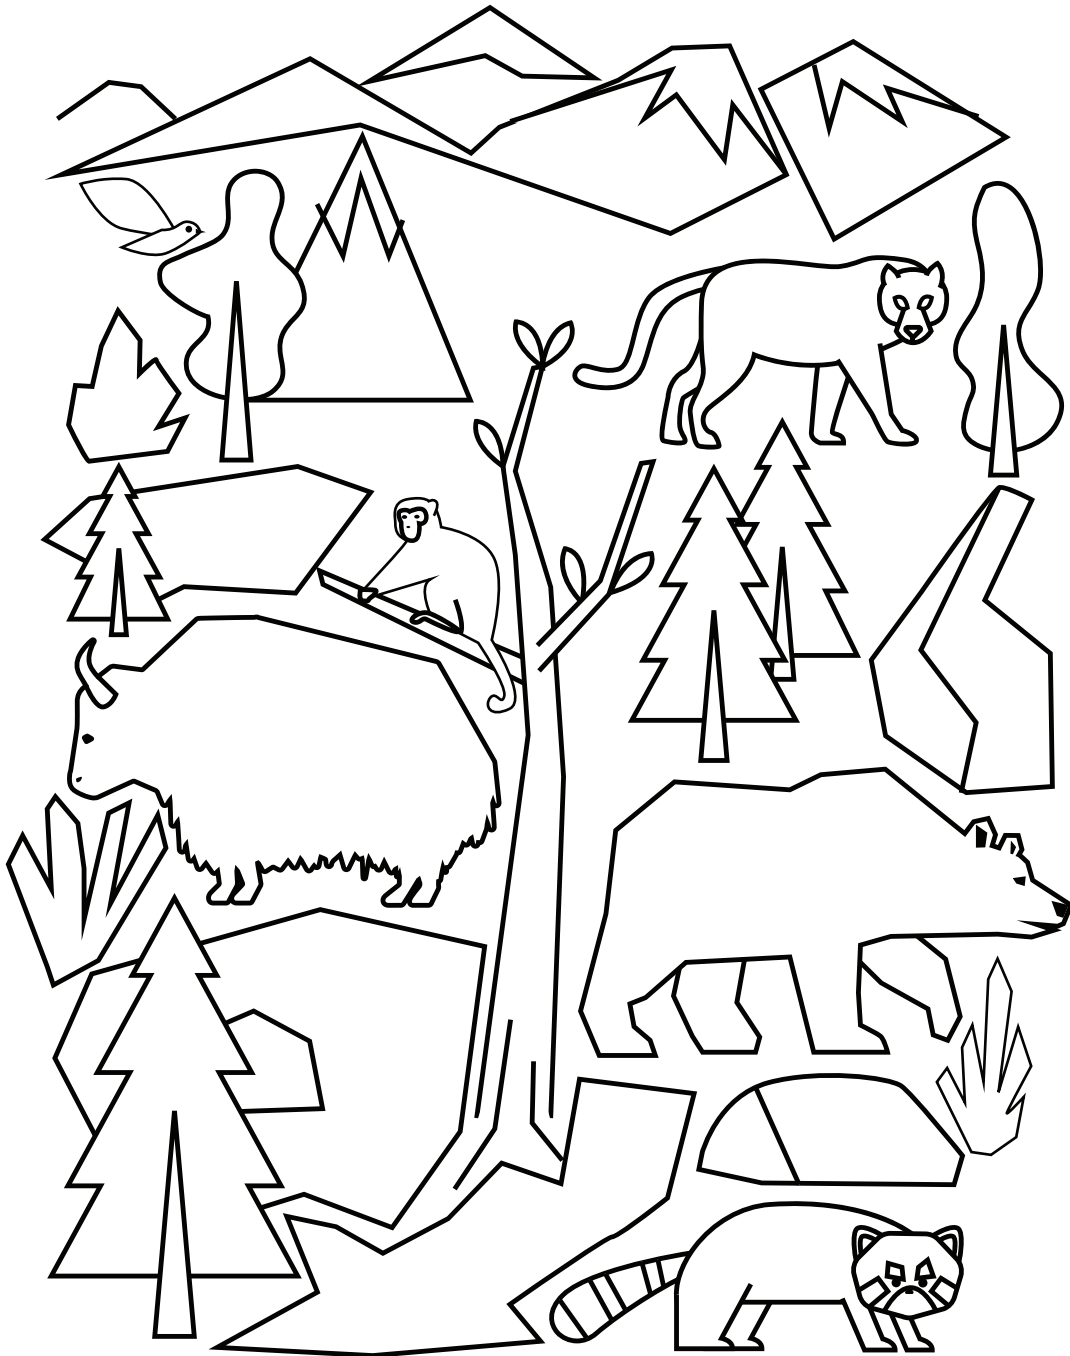

The seas in Asia connect all different types of people and help to bring cultures together. There are tons of sea creatures living in the waters, draw all the things you can imagine swimming around both real and mythical.

tea

Pho (a soup and noodle dish) is a Vietnamese favorite.
Draw the ingredients you would want in your bowl of pho.
There's no such thing as too many so go crazy!

tea

Have you ever seen a snow leopard in real life? How about a monkey? A yak? A red panda??? These are some of the animals we looked for when we went to Nepal.

How many can you find in this picture?

tea

The Four Friends Story

Bird, Hare, Monkey, and Elephant
The wise bird plants the fruit tree seed.

The nimble hare waters it.

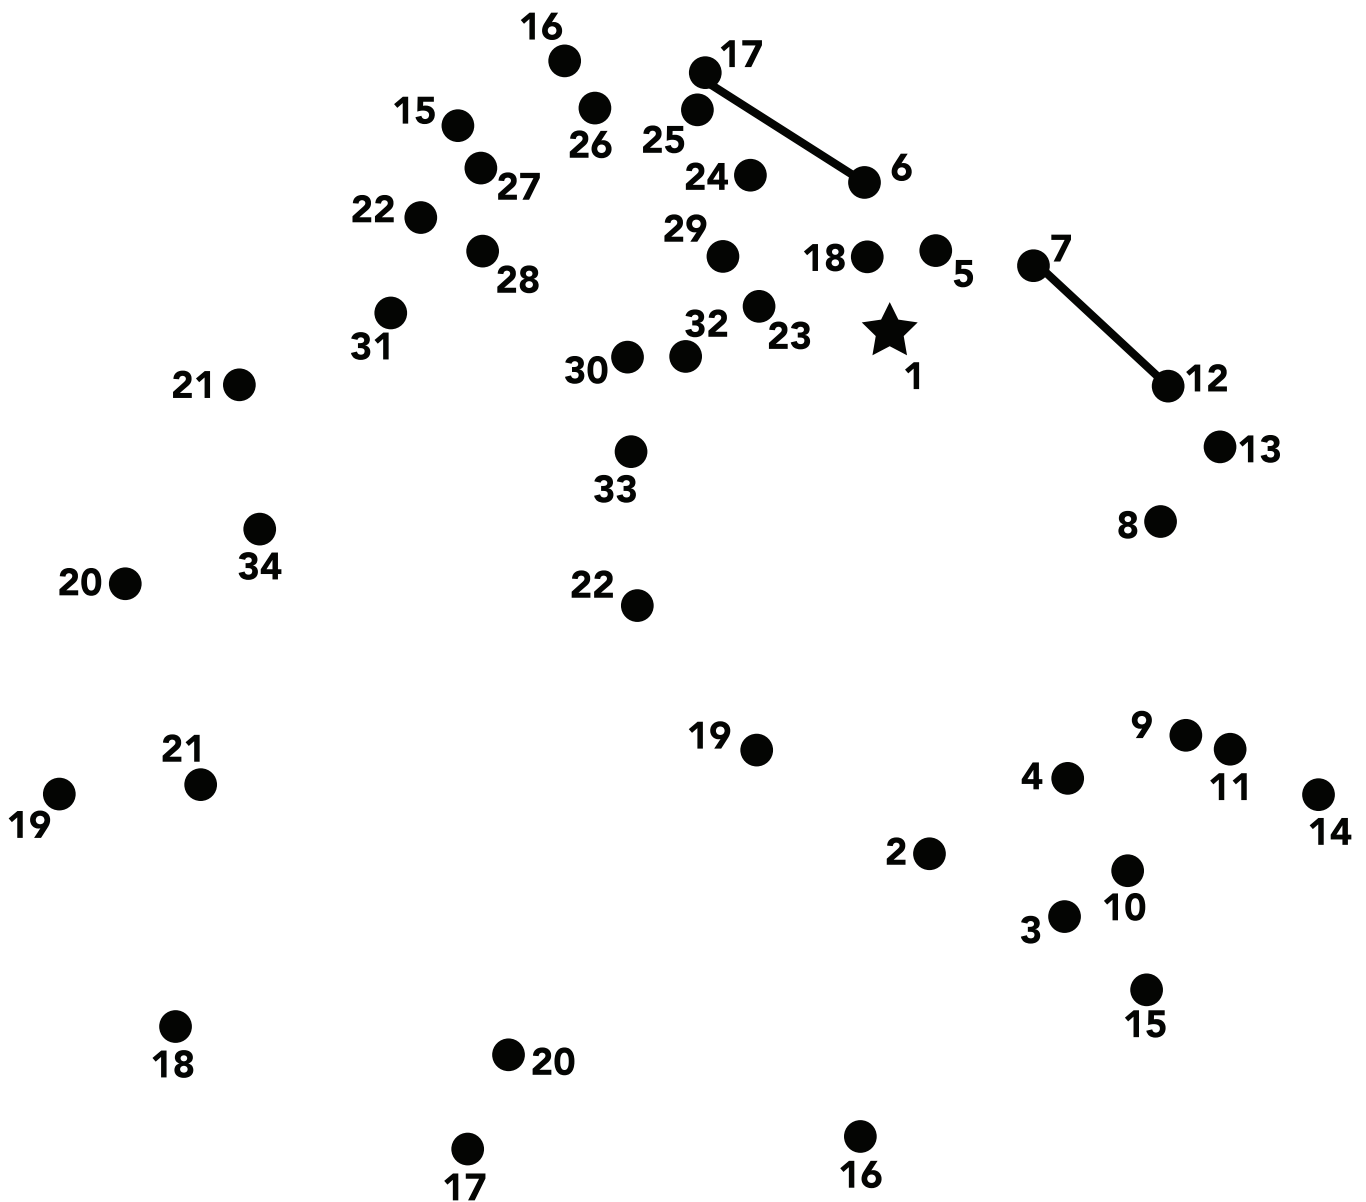

The curious monkey cares for it.

The strong elephant protects it.

Four Harmonious Friends

Enjoy the fruit together.

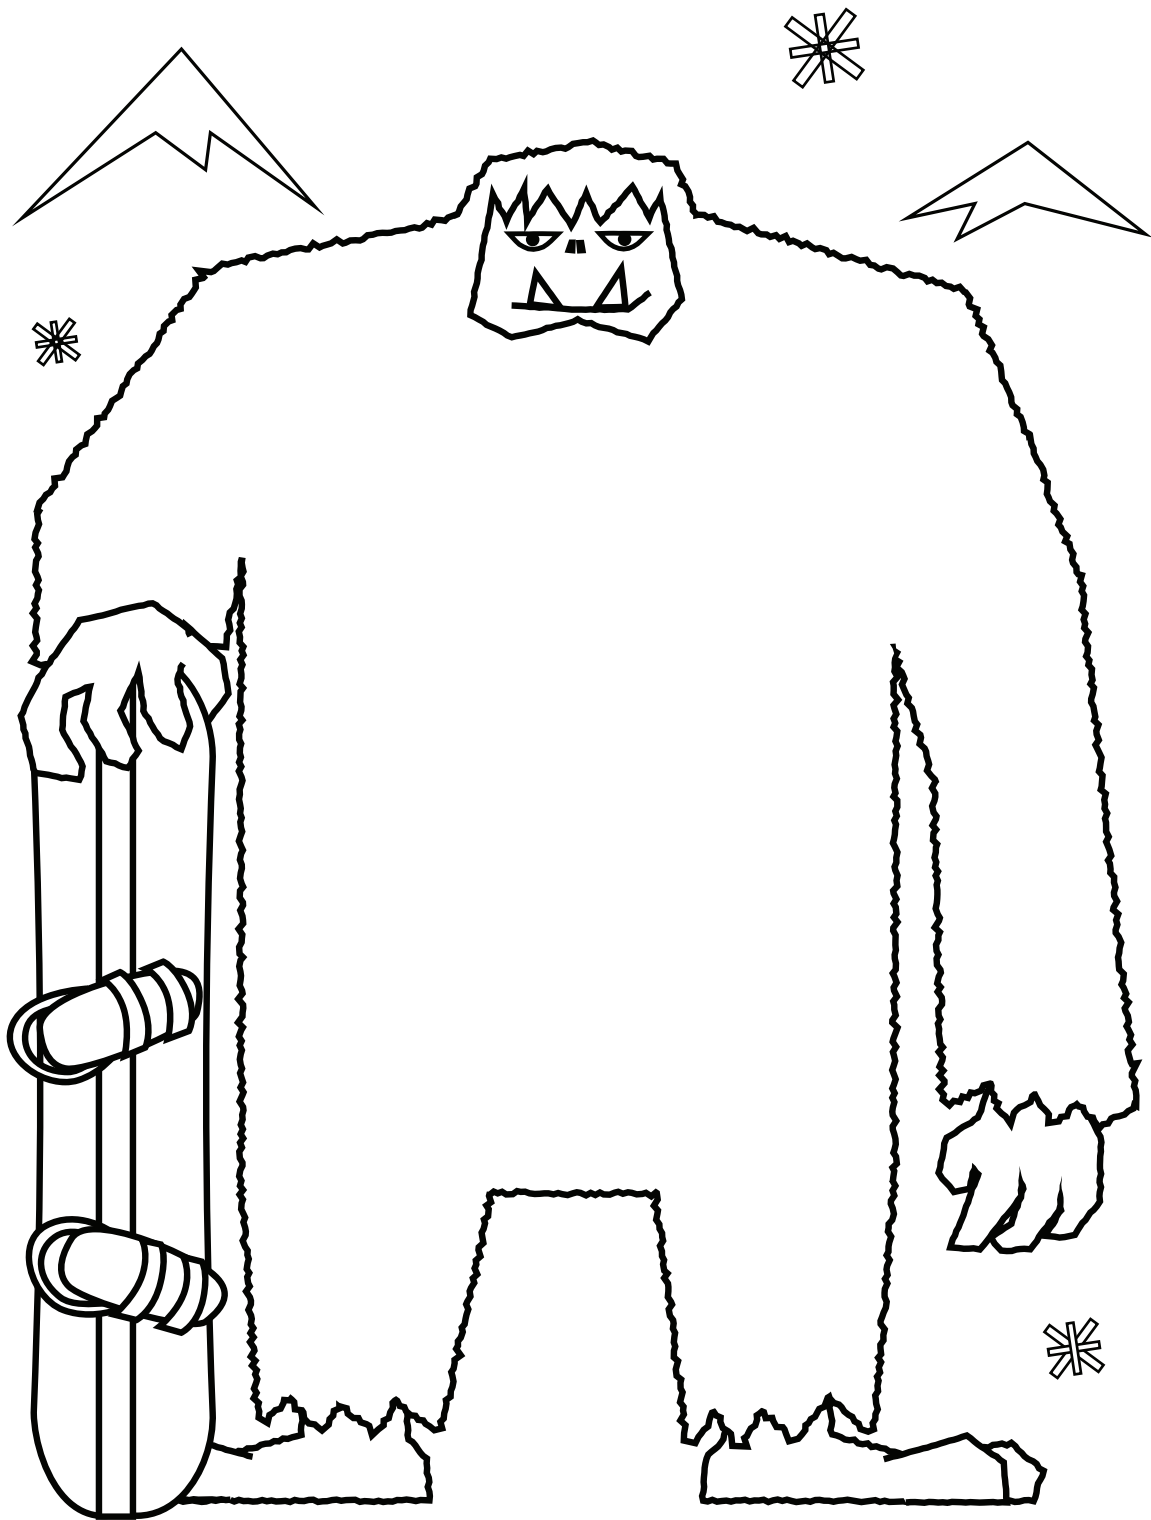

tea

Connect the dots to see what
A dumpling looks like.

Momos are a popular dumpling dish in Nepal. They are filled with chicken or meat and also come with cheese or vegetables. Little and warm and delicious!

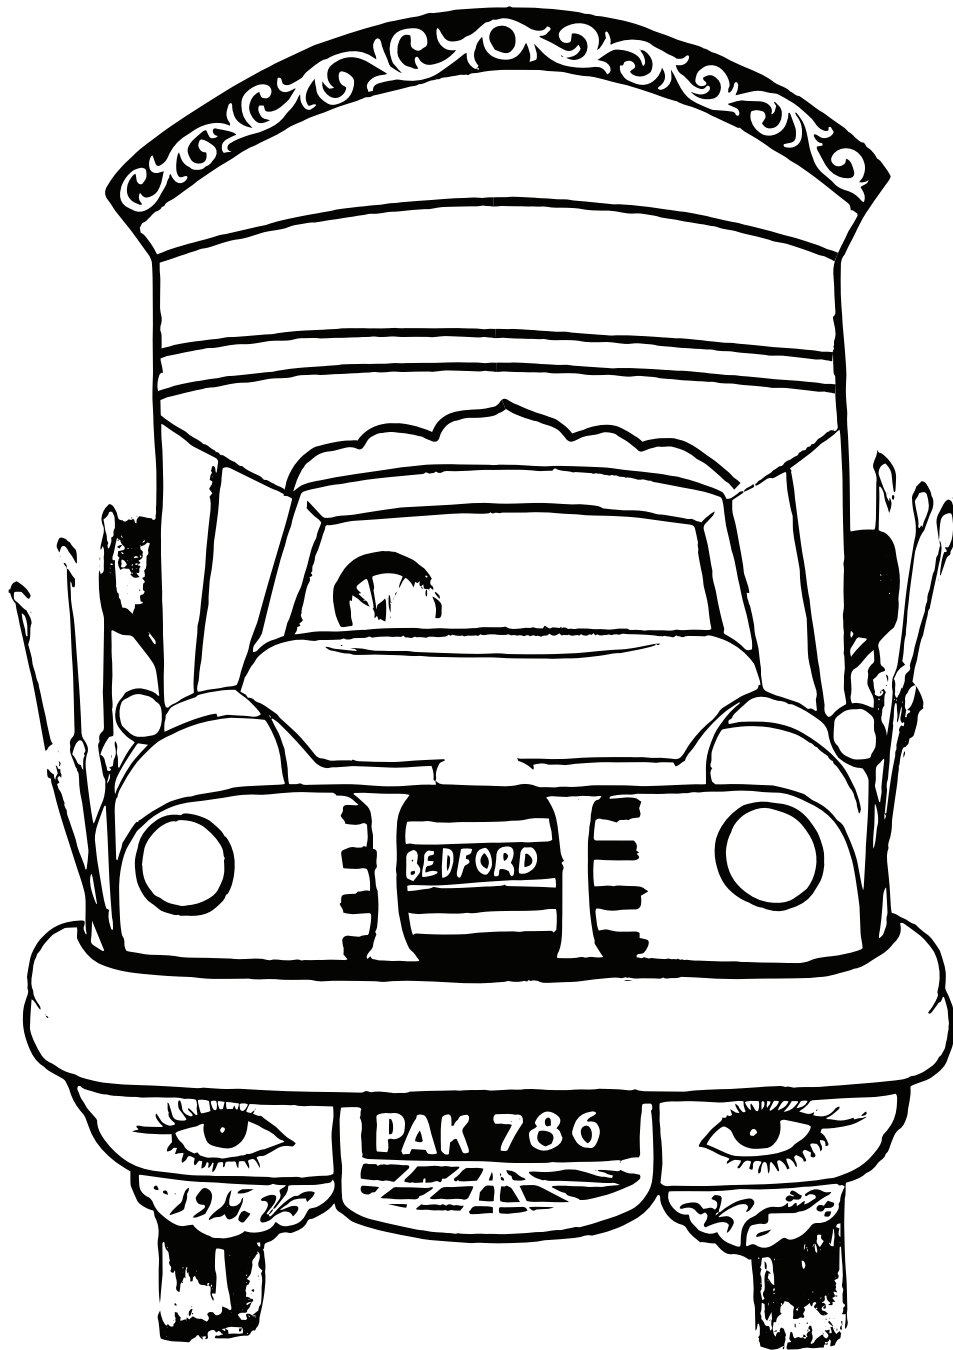

tea

Color in the legendary yeti.

Born in the Himalayas lives the legendary Yeti.
He lives in deep caves and leaves large
footprints in the snow wherever he goes.

tea

Decorate your own jingle truck here
With all its bells and whistles.

In Nepal, there are lots of colorful trucks with all kinds of artwork on them. They're known as, Jingle Trucks because they have bells that make noise as they transport things back and forth.

tea

Color in your very own prayer flags.

Prayer flags come in sets of five colors, blue, white, red, green, and yellow - symbolizing sky, wind, fire, water and earth.

We loved looking up and watching the flags flutter above temples, trails and mountain tops all over Nepal.

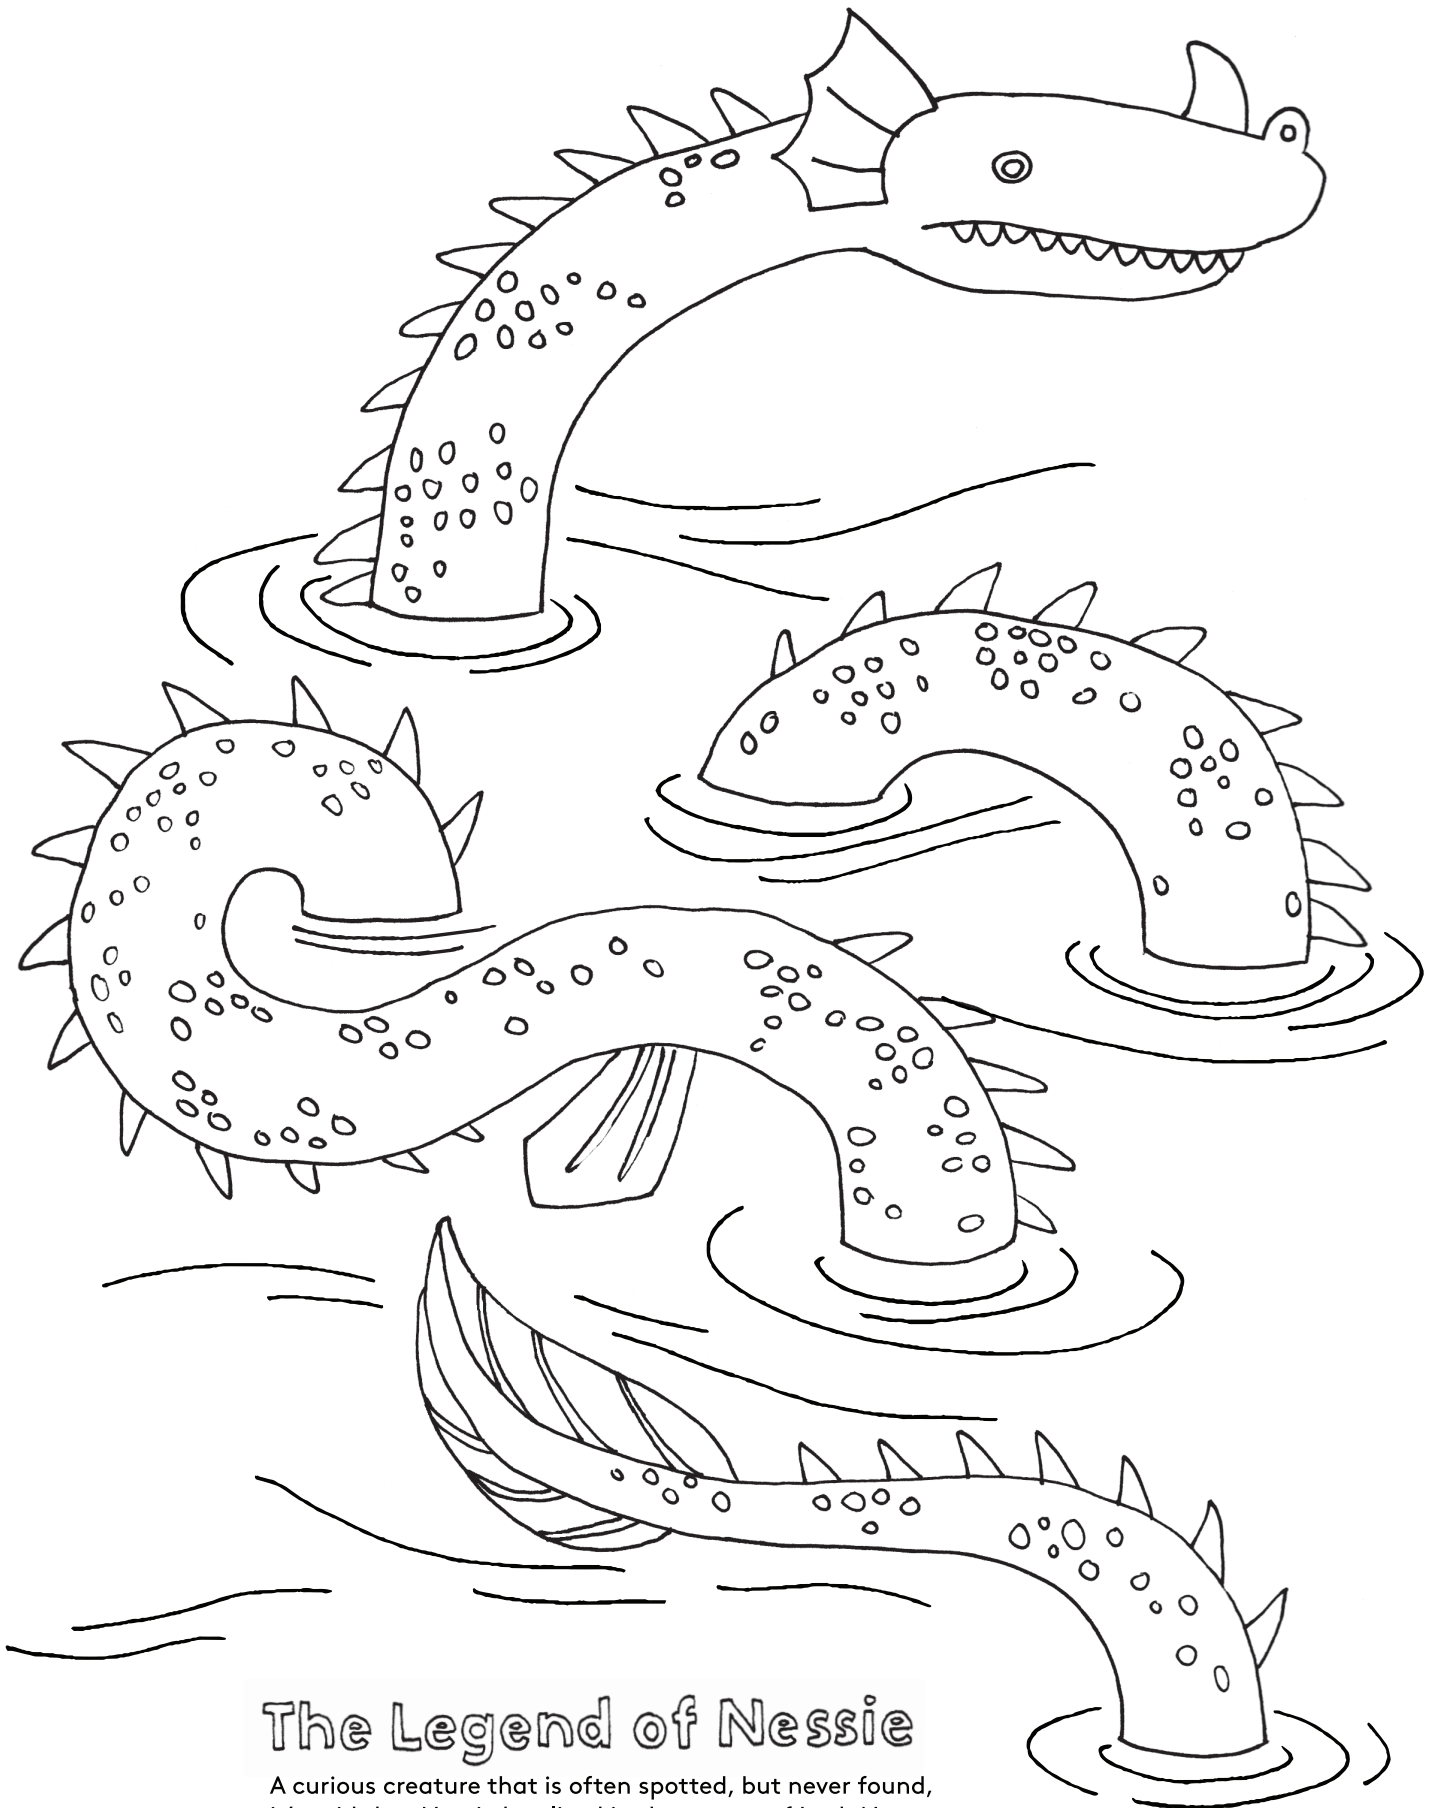

tea

Trace your way from the bottom to the top!

Mount Everest is the highest peak on earth! It usually takes a mountain climber two months to climb Mt. Everest. Four thousand people have reached the top in recorded history. The youngest was 13 years old.

tea

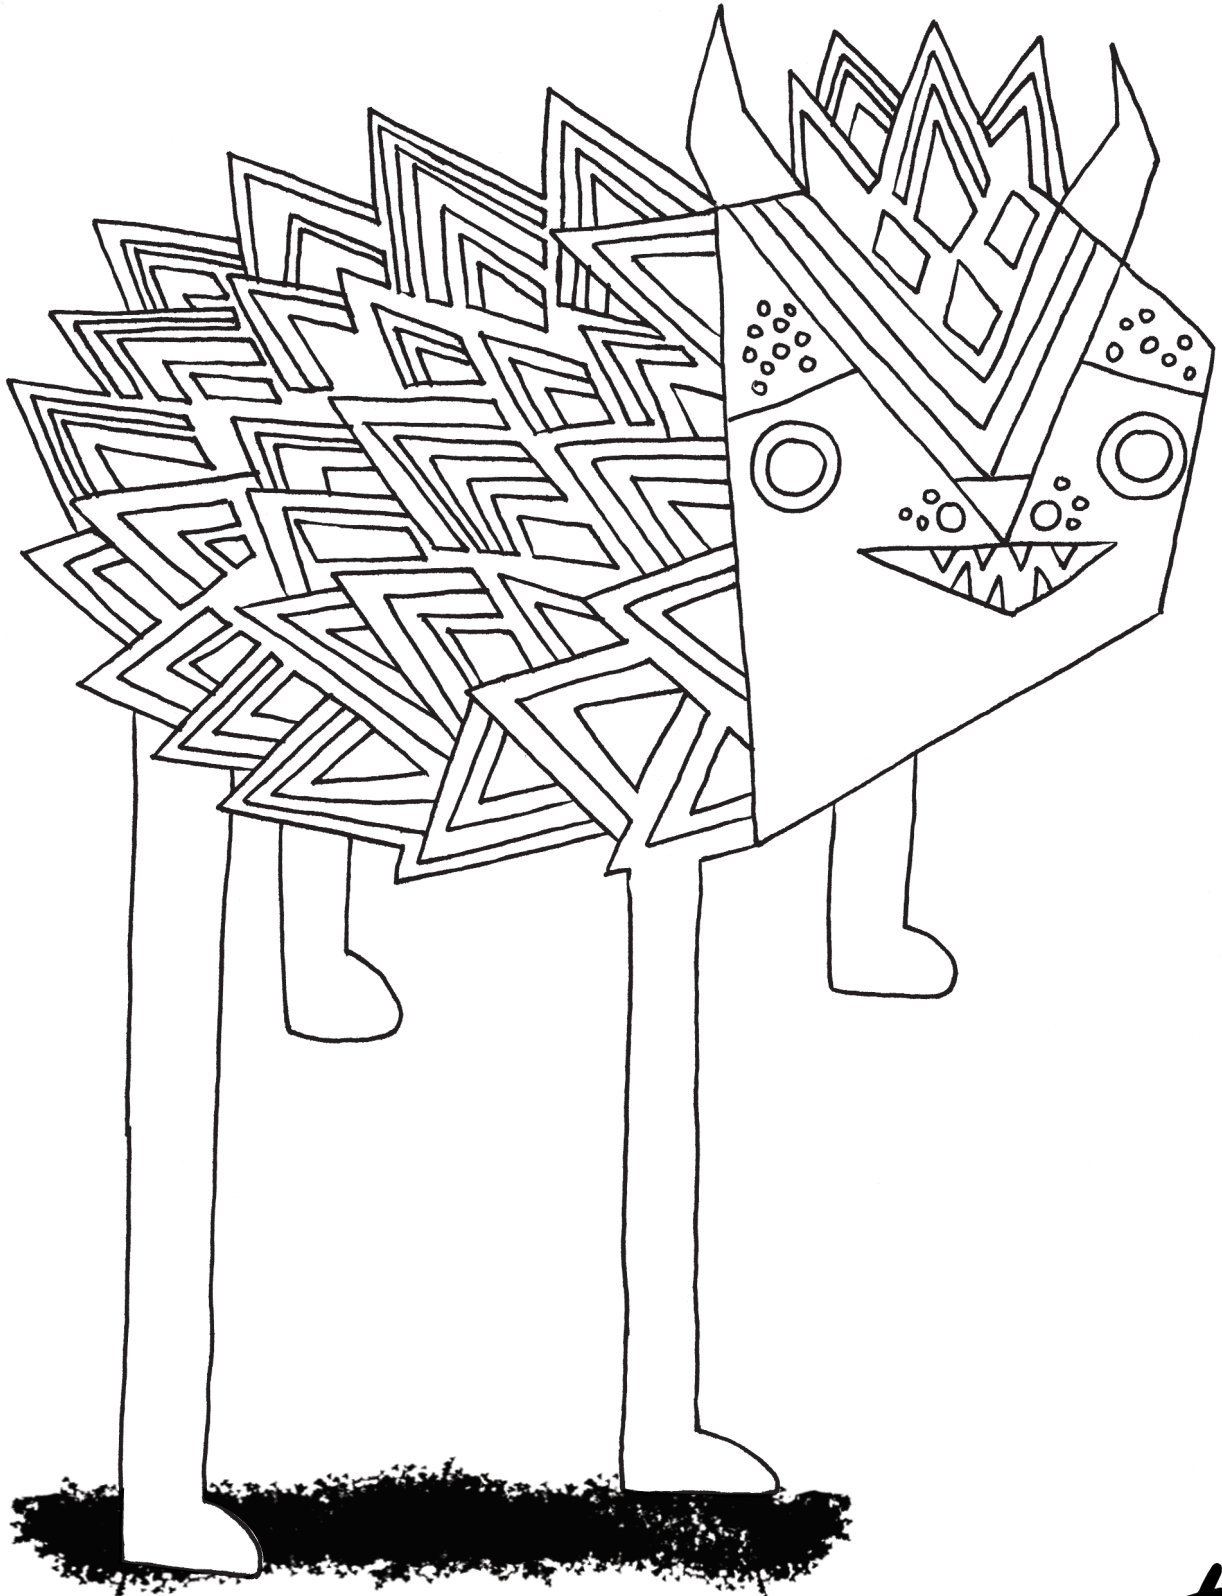

The Legend of Nessie

A curious creature that is often spotted, but never found, it's said that Nessie has lived in the waters of Loch Ness for centuries. Do you think she is real?

tea

Wild Haggis

You might find a wild Haggis up in the highlands...
two of its legs are shorter than the others, so it's great
at running in circles around the hills & mountains.

Will o' the Wisps

Don't follow these mysterious, mischievous lights! They're known to lure weary travelers away from safe paths.
